Subject: RE: MD's Draft Legislation on Assumption

As you requested sir !

FYI MD has requested a review by the end of September. In the past we reviewed and provided comment and then met with MD to discuss. The timing is to have this introduced during the next legislative session (according to conversations with MD). I believe that is January 2020 or there about. As you know, in addition to needed regulatory modifications, one of the issues remains the amount of waters assumable by the state.

Let me know if you need anything else. As October nears we should discuss our findings/concerns.

Take care,
Jeff

Subject: MD's Draft Legislation on Assumption

Hi Jeff,

Could you kindly provide a copy of the draft legislation or regs that MD has developed for 404 assumption and provided to the Region. Dave Ross expects our shop to be on top of developments like this, so I'd like to convey to him that we are jointly reviewing MD's materials.

Please let me know if you have any further intel on MD's 404 assumption plans in the near future.

Thanks much,
Michael
